6	4	1	pair	yes	0	0	yes	\$1,525.55
7	4	1	pair	yes	1	0	yes	\$1,602.50
8	4	1	pair	yes	1	1	yes	\$1,936.50

Note that both the turbine filters and the GXPC cup parts are consumables that will wear out, so it's best to keep extras on hand.

The whip hose makes it much easier to spray in tight spaces such as bookshelves or inside a cabinet.

Extra air caps make for smoother results with thinner or thicker coatings. Help Choosing an Air Cap Size. Packages 6, 7, and 8 include the full set of GXPC air caps plus a protective case for them.

The GXPC quart cup makes it easier to spray large areas, and the kit includes the swivel-L fitting for the GXPC spray gun.

The 2-quart pressure pot makes it even easier to spray even larger surfaces, and takes the weight of the fluid off the user's hand. (The optional one-gallon pressure pot is available separately – not included in any of the packages.)
